Bibliography of 2014 Works

This bibliography includes journal articles, posters, abstracts, book chapters, and books that were published in 2014 by authors affiliated with MedStar Health Research Institute, MedStar National Rehabilitation Network, or MedStar Washington Hospital Center. The names of the authors are in bold type in the citations.

The library staff searched the MEDLINE database for citations where the first author or the corresponding author was identified as affiliated with MedStar Health Research Institute, MedStar National Rehabilitation Network, or MedStar Washington Hospital Center. In addition, the bibliography includes citations submitted by the authors to library staff by March 20, 2015. Library staff and others have made every effort to ensure that the bibliography is accurate. Errors or omissions should be brought to the attention of the library staff before June 1, 2015. The revised version will be posted on the library web site.

Starting in 2014, the information in this bibliography was added to the MedStar Local Authors Catalog database. To search the database, go to the Library's web site.
