Hospital Center**

Authors' Day 2017

Bibliography of 2016 Works

Celebrated on April 12, 2017

MedStar Health Research Institute

MedStar National Rehabilitation Network

MedStar Washington Hospital Center

MedStar Hospitals/MedStar Health

Authors' Day 2017

Bibliography

The staff of the William B. Glew Health Sciences library are pleased to present the eighth edition of the *Authors' Day Bibliography*.

This bibliography includes journal articles, posters, abstracts, book chapters, and books that were published in 2016 by authors affiliated with MedStar Health Research Institute, MedStar National Rehabilitation Network, MedStar Washington Hospital Center, and other MedStar entities. The names of the MedStar authors are in bold type in the citations.

The library staff searched the MEDLINE database for citations where at least one of the authors is affiliated with the MedStar health system. In addition, the bibliography includes citations submitted by the authors to library staff before March 18, 2017. Library staff and others have made every effort to ensure that the bibliography is accurate. Errors or omissions should be brought to the attention of the library staff before June 1, 2017. The revised version will be posted on the library web site.

Starting in 2014, the information in the Authors' Day bibliographies was added to the MedStar Local Authors Catalog database. To search this database, go to the "Local Authors" link listed under the "MedStar Links" on the Library's web site.
