## **Bibliography**

This bibliography includes medical and nursing journal articles, book chapters and books that were published in 2009 by authors affiliated with MedStar Health Research Institute, National Rehabilitation Hospital, or Washington Hospital Center. The names of the authors are in bold type in the citations.

The library staff searched the MEDLINE database for citations where the first author or the corresponding author was identified as affiliated with MedStar Health Research Institute, National Rehabilitation Hospital, or Washington Hospital Center. In addition, the bibliography includes citations submitted by the authors to library staff by May 14, 2010. Library staff and others have made every effort to ensure that the bibliography is accurate. We regret any omissions.
