## **Authors' Day 2010 Bibliography**

This bibliography includes medical and nursing journal articles, book chapters and books that were published in 2010 by authors affiliated with MedStar Health Research Institute, National Rehabilitation Hospital, or Washington Hospital Center. The names of the authors are in bold type in the citations.

The library staff searched the MEDLINE database for citations where the first author or the corresponding author was identified as affiliated with MedStar Health Research Institute, National Rehabilitation Hospital, or Washington Hospital Center. In addition, the bibliography includes citations submitted by the authors to library staff by March 11, 2011. It is organized alphabetically by first author. Library staff and others have made every effort to ensure that the bibliography is accurate. Errors or omissions should be brought to the attention of the library staff before May 13, 2011, and an updated version will be posted on the library web site.
