Bibliography of 2011 Works

This bibliography includes medical and nursing journal articles, book chapters and books that were published in 2011 by authors affiliated with MedStar Health Research Institute, MedStar National Rehabilitation Network, or MedStar Washington Hospital Center. The names of the authors are in bold type in the citations.

The library staff searched the MEDLINE database for citations where the first author or the corresponding author was identified as affiliated with MedStar Health Research Institute, MedStar National Rehabilitation Network, or MedStar Washington Hospital Center. In addition, the bibliography includes citations submitted by the authors to library staff by June 1, 2012. It is organized alphabetically by first author. This is a revised version of the bibliography printed for the MWHC Authors' Day on April 11, 2012, and library staff and others have made every effort to ensure that this bibliography is accurate.
